

I believe in the value of the joint partnership between NABP and AACP. If re-elected, this will be my fourth term on the board. I would like to continue discussions with the board on critical topics such as board scores for college assessment, evaluating the format of the MPJE and changing practice laws to move the profession forward. I currently serve on the legislative advocacy committee for the state of Ohio and as an advocacy representative to AACP (National). These advocacy roles dovetail with the District IV EC role well.
